

# Ed Jewett: Conservatives Hunted and Killed Using NSA Social Media Software with Full Complicity of #GoogleGestapo UPDATE

Civil Society, Commerce, Corruption, IO Deeds of War, Media

## **UPDATE:**

### **If Trump leaves Twitter, put a fork in it, the platform is done**

Class action lawsuit has been filed against elements of #GoogleGestapo, a RICO action is being considered by DoJ

A conversation has started among two new billionaires (no established channels to the President) and the leadership of BitChute and over 12 potential allies (including Mastodon, Gab, Minds, & Plurk) able to seamlessly integrate texts, trumpets, video, posts, file sharing, and authenticated networks that do not censor or manipulate.

President is tweeting about the matter (we pray he leaves Twitter for Trumpet soon, but his team is simply not capable of building the Trump Truth Channel as it should be built)

We are having trouble connecting with the President. It is very likely his communications are being controlled and he does not realize this \$500M new initiative is on the table. His web team is stuck in the old models/offerings.

## **ORIGINAL POST**

*A mix of old and new revelations. New on top.*

“... A confidential, 49-page memo for defeating Trump by working with the major social-media platforms to eliminate “right wing propaganda and fake news” was presented in January 2017 by Media Matters founder David Brock at a retreat in Florida with about 100 donors, the Washington Free Beacon reported at the time. **On Monday, the Gateway Pundit blog noted the memo’s relationship with recent moves by Silicon Valley tech giants to “shadow ban” conservative political candidates and pundits and remove content.**

The Free Beacon obtained a copy of the memo, “Democracy Matters: Strategic Plan for Action,” by attending the retreat.....

*From Contributing Editor Rebecca Campbell:*

**Complete intercept of private chat among Soros-funded left-leaning social media terrorists, high points: they knew the polls were false; they were using NSA social media analysis software to identify and then digitally assassinate conservative and populist thought leaders.**

*This raw intel exchange posted on very heavily censored JimStoneFreelance.com today, August 21, 2018, could prove almost as revelatory as the Wikileaks Podesta emails! — REC*

An intercepted transcript from Correct the Record reveals a LOT I originally had this posted over a year ago, after that World Net Daily report this is well worth a re-visit.

**This conversation from Correct the Record, which was acquired during a hack, reveals several key things:**

1. Hillary has been replaced, and was replaced before the first debate.
2. Seth rich was murdered and David Brock knows who did it.
3. Correct the record was given NSA malware for the express purpose of ferreting out key people in alt media, locating their physical location, and killing them. This software was recklessly given to an army of correct the record trolls who busted into the computers of over a thousand top Trump supporting reddit users, and hundreds more chan users.
4. AS I ALWAYS SAID, Hillary lost every single online poll, and the polls were faked to show her winning. It is clearly stated here that despite doing well at the debate, Hillary's replacement still lost 100 PERCENT of ALL online polls and everyone at Correct the Record knew that.
5. Not everyone is aware of the entirety of the conspiracy, even people working deep within it. The syntax here proves it.
6. As I have said all along, there really is NSA malware that can get into your computer even if you never visit a malicious site, or click a link in an E-mail, or do anything else that is known to be able to infect a computer. My custom ROM chip is going to be replaced very soon, because it is obviously hacked. I'll make 20 of them this time, and swap them out regularly, and throw the used ones in the trash. I

will also ditch the laptop battery, which has its own processor for power management, and is definitely infected.

OK, so on to the transcript.

Begin Transcript ekim [5:52 AM]

ekim [5:52 AM] set the channel purpose: clean up this mess

brock [5:52 AM] joined post-debate from an invitation by @ekim

brock [5:53 AM] go round up the others. i need some coffee.

brock [5:54 AM] good morning to u to fink.

efink [5:55 AM] the only good thing about it was that whoever that was, she looked pretty good. how tf did they do that?

brock [5:56 AM] i can't talk. very hush hush. still, we've lost every online poll and we need to get tough here. get this under control.

[5:59] i don't see what's so bad. She looked really healthy! I thought she did GREAT!

efink [5:59 AM] she was scoring 3 on AMTS a couple of weeks ago and 22 on mmse. Yeah, whoever that was was normal.

MY COMMENT: Clearly here, you can see they know it was not Hillary at the debate.

[6:00] but the telemetry sucks. look at all the snap onlines: we're losing 100%

[6:00] romney v obama numbers

ekim [6:01 AM] but those don't mean anything

efink [6:01 AM] it means they're enthusiastic. organized. if they can swarm a poll what's to stop them swarming a voting booth?

[6:01] it also creates a counter-narrative. the free press will sniff it. we have to stop the bleeding.

ekim [6:01 AM] k

efink [6:02 AM] don't worry. we have something. GET SHAW OUT OF BED.

[6:02] i'm going for coffee.

cshaw [6:05 AM] hello!

[6:06] hi Liz.

[6:06] I see we're not happy :disappointed:

brock [6:06 AM] Not at all.

cshaw [6:06 AM] I read the round-up. It looked good?

brock [6:07 AM] the round up my burning ass. Im talking about the real world. Trump made her look like a girl. Today we hit back. We hit

back hard.

[6:07] Fink?

efink [6:07 AM] one sec.

[6:10] okay. guys, this is 18-2381 stuff. Got it?

cshaw [6:10 AM] yes

ekim [6:10 AM] yes sir.

efink [6:11 AM] alright. we need to move beyond the disruption scripts and down-voting. we need to start hurting people and that's what this is about. This is about winning because we'll never get a chance at this again. everything is justified. David?

brock [6:11 AM] dramatic.

[6:13] fuck-okay. so the Trump team is an emergent order. thirty million little chan and reddit assholes that bump around and then congeal to vote in a poll or push a meme or make a hashtag trend or whatever. This is new. It isn't like fighting a centrally organized campaign.

[6:13] It's more like fighting a disease.

[6:14] So what we need to do is break the pattern. The usual means isn't working. Trump's too charismatic. Morale is too high. This is an army of chaos folks.

[6:14] so we have full clearance. Word of God.

[6:15] Fink-let's do this. I have a plane to catch.

efink [6:16 AM] uploaded and commented on an image: foxacid.jpg 1  
Comment FOXACID

ekim [6:16 AM] Ew.

cshaw [6:16 AM] i like it! wtf is it??

efink [6:17 AM] This is manna from heaven, kids.

[6:18] We have the use of an NSA intrusion package. We are going to find the thought leaders. the meme-generators. the shit-posters. I need a target analysis for reddit, twitter, and the chans by tomorrow 5 PM.

[6:18] You will monitor, identify, and using the FA [foxacid] software set we have, identify/dox.

cshaw [6:18 AM] that will dox them??

efink [6:20 AM] It will man-on-the-side for the anon boards and intercept traffic. We can use that for IP addresses and loading

tracking software and magic lantern onto their devices. Once we have them compromised

[6:20] David? How many do we need?

brock [6:21 AM] I want 150 from 4chan, whatever you can get from 8. I want 1000 top reddit drivers exposed and I want content analysis for their posts. I want the people who are really driving their narrative.

[6:22] I need all that in a packet by tomorrow afternoon with lexical analysis, proof of compromise. I want clips of memes. I want to up-vote patterns. All this has to be inside the US too. We can't use externals.

cshaw [6:23 AM] It won't work outside the US?

efink [6:23 AM] It works fine outside the us you idiot. That's NSA stuff.

brock [6:24 AM] WE don't work outside the US. Do you think this is fucking bean-bag?

[6:24] We are going to disrupt them before this shit goes any further.

[6:24] if they don't have leaders, we're going to get their thought leaders.

cshaw [6:24 AM] like pajama boy!

brock [6:25 AM] I AM NOT N THE MOOD cshaw

cshaw [6:25 AM] sorry

efink [6:26 AM] just get us the target profiles. Hit the numbers. Give us a matrix for each of them. Okay? PII, influence grid, recent activity, Q-rate. Like that.

[6:26] You know what to do.

cshaw [6:26 AM] Yes sir.

ekim [6:26 AM] What are we going to do with that?

brock [6:27 AM] do u really want to fucking know, kim?

ekim [6:27 AM] i'm good.

brock [6:28 AM] u better be. I am going to get a plane. You will be up ALL NIGHT. Keep the lab LOCKED. Fink bring in pizza or whatever to keep the kids going.

[6:30] Get those files together.

ekim [6:30 AM] I'm on it. Do you know what brock is going to do with them? I do kind of want to know, sir.

efink [6:31 AM] google Seth Rich and shut up about it.

cshaw [6:31 AM] OOG.

[6:32] well, they are deplorable. idk. I think we should have done this a long time ago.

**Phi Beta Iota:** Whether NSA-unique software was used or not, there was clearly a conspiracy to pick out conservative groups and thought leaders and then block them (“digital assassination”). Actual assassination as with Seth Rich is clearly discussed at the very end. The IRS under Barack Obama did similar studies against conservative groups seeking 501c3 status.
