

LYING FACEBOOK GAVE POLITICAL FRIENDS ACCESS TO USER INFO EVEN
THOUGH ZUCKERBERG SAID THEY DID NOT!

Facebook Gave Some Companies Special Access to Additional Data About Users' Friends

Small number of companies had deals that gave them access to data after others were cut off

By *Deepa Seetharaman* and *Kirsten Grind*

Facebook Inc. struck customized data-sharing deals that gave select companies special access to user records well after the point in 2014 that the social network has said it walled off that information, according to court documents, company officials and people familiar with the matter....
