More than in any other country, Americans on both sides of the political aisle believe the media does a poor job covering political issues fairly, according to a blockbuster new survey of media consumption in 38 nations.

What's more, the **Pew Research Center's study** found that supporters of President Trump believe the media is doing a worse job covering politics than the supporters of any of the other international political leaders in countries surveyed.

Pew Research Center

“Large gaps in ratings of the media emerge between governing party supporters and non-

“Large gaps in
