APPLE IS THE KING OF WOKE - EVERY SHOW THEY HAVE IS LIKE A COMPUTERIZED CHECK-LIST EXAMPLE OF PANDERING WOKE-NESS WITHOUT ANY DRAMA OR HUMANITY!!!

Apple TV contracts a few seconds of special effects, then only uses those special effects in the trailers to sucker you in. Once you watch their movie or TV show, you find that those were THE ONLY special effects in the show. The rest is always a bunch of boring, pandering woke propaganda back and forth dialogue about some family or dating issue.
