Hydrogen Club

Join the FST Hydrogen H-Club to receive latest news, promotional offers and be the first to receive notifications and industry alerts.

Free Bumper Stickers. Download this [.pdf](#) file and print it on adhesive back paper or have your local copy shop print it for you. Makes 3 bumper stickers

Free T-shirt Art. Download this [.pdf](#) file and print it on iron-on T-shirt paper available from any online office supply store such as www.officedepot.com or www.vikingpp.com or <http://www.computercrafts.com/inkjet-paper.html>

Things to do to help hydrogen happen now:

Tell everybody you know about this site: <http://www.fstenergy.com>.

E-mail everybody in your E-mail address book (one at a time, dont Spam them.).

Join your local positive energy groups. Ask your mayor to keep a strong City program for hydrogen online.

Get the names of your community reporters. Find the 20 closest reporters to you and write them.

Inform yourself. Share the information.

Write your Representative. <http://www.house.gov/writersp> Type their name into Google or Yahoo and read their website.

Write your Senator. <http://www.northernwebs.com/senate/> Type their name into Google or Yahoo and read their web site.

Seek out everybody else who has a common-interest in achieving the same result as you. Create a mailing list so you can all keep in touch or find a bulletin board where you can all share ideas.

Make the bumperstickers and T-shirts above and use them...
